**Subject:** RE: GKM andnDisaster declarations

On August 10, 2015 Governor Martinez declared a state emergency. Quite a bit of press related to that in New Mexico ...made collaboration with NMED very difficult.

Subject: GKM andnDisaster declarations

Did CO or NM declare GKM a state disaster? Did they make noise about asking for a federal disaster? I think no to both questions but please confirm before 9 am PDT. What did counties do w regard to requests for disaster relief?

Thank you
